EDUCATION

Korea Advanced Institute of Science and Technology (KAIST)

M.S. in Graduate School of Metaverse

Daejeon, South Korea
Sep 2026 – Present

Sookmyung Women's University

B.S. in Computer Science, B.S. in Big Data Engineering (Double Major)

Seoul, South Korea
Mar 2022 – Aug 2026

Stanford University — Summer Session (IHP)

Visiting Student | International Honors Program

Stanford, CA, USA
Jun 2025 – Aug 2025

Courses: Computer Organization and Systems, Client-Side Internet Technologies

RESEARCH INTERESTS

Generative Models, 3D/4D Video/World Models, Human–Object Interaction, Extended Reality

PUBLICATIONS

Soyun Lee, Chaewon Park, Kibeom Hong. *"Freeing Appearance in Frequency-aware Image Editing with Amplitude Manipulation"* IPIU 2026 (38th Workshop on Image Processing and Image Understanding). Jeju, Feb 2026.

Chaewon Park, **Soyun Lee**, Naeun Lee, Minjung Shin, Seogkyu Jeon, Kibeom Hong. *"BindEdit: Taming Attention Leakage for Precise Multi-Object Image Editing"* (preprint).

RESEARCH EXPERIENCE

KCVL, KAIST

M.S. Student Researcher | Advisor: Prof. Tae-Kyun Kim

Aug 2026 – Present
Daejeon, South Korea

AIV Lab, Sookmyung Women's University

Undergraduate Researcher | Advisor: Prof. Kibeom Hong

Sep 2025 – Jul 2026
Seoul, South Korea

- Participated as a second author on multi-object image editing research; worked on evaluation, datasets, and writing.
- Proposed a frequency-aware image editing framework ADAM, using 2D FFT-based amplitude-phase decoupling in diffusion models; presented at IPIU 2026.
- Presented paper reviews at weekly lab seminars on computer vision papers.

INTERN EXPERIENCE

Bagstrap(가방끈)

Data Engineering Intern | Industry-Academia Collaborative Project

Mar 2025 – Jul 2025
Seoul, South Korea

SKILLS

Programming: Python, C/C++, JavaScript/TypeScript, SQL

Deep Learning: PyTorch, TensorFlow, Generative Models (Diffusion, Flow Matching), SAM, MediaPipe

Tools: Git, AWS (RDS, EC2)

Others: Notion, Figma

LANGUAGE & CERTIFICATIONS

Languages: Korean (Native), English (Fluent)

TOEFL iBT 102

Sep 2024

SQLD (SQL Developer Certification)

Feb 2025

EXTRACURRICULAR ACTIVITIES

DACOS (Big Data Club), Sookmyung Women's University

Mar 2025 – Feb 2026

LGAimers 7th

Jan 2026– Feb 2026

UMC (University Makeus Challenge) 7th — Node.js Track

Sep 2024 – Feb 2025

Algos (Algorithm Club), Sookmyung Women's University

Mar 2023 – Jan 2025
